If selected as President Elect, what key goals would you set and how do you feel they would be best achieved?

If elected as President-Elect, I will assist our new president in meeting the needs of a diverse and growing membership. I want to implement a new program, *Designed to Lead*, for chapter volunteers. This will allow for professional and personal development as well as strengthening committee and chair positions. It will also encourage development of future board leadership. Furthermore, I want to develop an *NCIDQ Designer Development Program*, allowing NCIDQ certified designers to mentor allied members so that those interested will have the opportunity to become NCIDQ certified. I will be accessible to the membership with a positive attitude and listening ear for all.
