

Full-Time Kitchen Designer

We are currently seeking a full-time Kitchen Designer to join our cabinetry showroom located in North Scottsdale Airpark.

As a designer, you will use your professional design skills and your creativity to help your customers create a professionally designed kitchen, bath, or any space in which they need cabinetry...

As a part of your Kitchen Designer responsibilities, you will:

- Apply your creative space planning and designing skills to produce amazing kitchen, bath and millwork designs.
- Create kitchen design presentation packets using 20/20 Design Software and email bids with renderings attached.
- Work well with a team... you'll be working with both our sales team and field operations liaison through an entire project.
- Help customers: we'll train you to answer questions on product, technical specifications, design trends, and space planning needs.
- Maintain accurate documentation of custom contact and design revision activity in our database.
- Generate all documents to assist in creating a bid or bid revision
- Help foster the positive, open culture we have which encourages and rewards cooperation and collaboration.

The ideal candidate will have:

- 2 or 4-year degree in Interior Design / Kitchen/Bath Design or equivalent experience
- Minimum of 2 years of experience designing and selling Kitchens and Baths
- Great organization skills and the ability to focus on multiple projects
- 20/20 or equivalent design software (Cabinet Vision, Chief Architect, Auto CAD)
- Proficiency using other cloud-based software including Dropbox, Gmail, and Microsoft Office

Why Us?

- You'll get to work on varying size projects with builders, interior designers, and architect firms of different size, ability, and clientele.
- We have some amazing clients and projects you'll get to put in your portfolio.
- As a small company, we're more relaxed than a large corporation; so the work environment may be a better fit.
- We are not interested in micromanaging an employee; so you'll need to be able to motivate when given projects to complete.

Details:

- This will be a 1099 position to start (90-day period), with the potential of becoming an employee for the right person.
- We are a drug and tobacco-free work environment, and a fun and dynamic group. We encourage a balanced work schedule with no work required on weekends.
- Once an employee, you will receive paid holidays and accruing PTO, and sick time.
- At this time, we do not offer a group health policy, so you will be required to carry your own health insurance.
- We do, however, contribute to an Afflac policy for full-time employees.
- We will require a background check and reserve the right to a drug test prior to hiring.

Salary: \$45,000.00 + (this may be higher for the right person)

Please submit your resume/work history, required compensation along with any sample work you'd like to share.

Thanks!
