

designers and architects: join us for a ceu course

architectural recessed lighting for the home

presented by abigail sorensen, sales and events manager
visual comfort group showroom and training center

abigail sorensen manages the visual comfort group training center in skokie, illinois. abigail has been in the lighting industry since 1999 and takes every opportunity to help educate others on the transformative power of lighting.

architectural recessed lighting is one of the most powerful tools for impacting the aesthetics and function of a home

this course will demystify the myriad of options when it comes to specifying architectural recessed downlights
