Ready to create with us?

Interior design at Cushing Terrell:

Cushing Terrell is seeking an experienced and collaborative Interior Designer with 5-10 years of experience, with an emphasis in the government or commercial sector. You will join a diverse team in a warm, welcoming, creativity-driven environment that values sustainability and environmentally responsible practices in our design thinking.

As a designer at Cushing Terrell, you will carry out creative visions to detailed designs using basic knowledge of programming, space planning and construction documentation to create innovative spaces. You will be called upon to support design work in partnership with talented designers, architects, engineers, and business professionals across our 14 offices. Our creative process engages our high profile clients and our project teams in achieving highly integrated and successful design solutions.

What we expect you can bring to the table:

- Comfortable collaborating in all aspects of design, manage project development and project teams from project inception to completion
- Can apply "best practice" design solutions to a variety of healthcare project types
- Provide an out-of-this-world experience for our clients that cannot be replicated anywhere else
- Bachelor's degree in Interior Design from an accredited college
- Deep knowledge of contract documents, specifications, knowledge of design, design documentation, national and local building codes, and accessibility requirements
- A strong understanding of required ratios and proportions for human focused design
- Relevant construction observation and construction administration experience
- Excellent design skills and strong technical proficiency including experience in working in the following platforms: Revit, AutoCAD, SketchUp, and Adobe Creative Suite
- NCIDQ or RID is preferred

We take care of our own:

At Cushing Terrell, we are committed to excellent client service of both our external and internal clients. We're the heads-down-but-have-fun, people-before-projects kind of firm. We encourage our team members to set big goals, but keep ego out of the office and prioritize an inclusive, supportive, and collaborative work environment.

This position offers excellent pay and a complete benefits package including production bonuses, medical/dental/vision/life insurance, 401(k) savings plan with an employer match, holiday and paid time off, flexible schedules, and an evolving wellness program.

We look forward to hearing from you!
