CANDIDATE STATEMENT: If selected as a chapter leader, what key goals would you set and how would you propose achieving those goals? Please limit your response to 75 words using the space below.

It's been always a pleasure to work with the ASID AZ North chapter as a member, and as a student representative to the board. The chapter has always given me the support and guidance needed to be who I am today! With that being said, I am willing to give back to the board, the chapter and the design community. One of my primary goals if I got selected as a membership /programming director, is to increase the membership and spread the word of ASID by showing students, designers, and industry partners the benefits of being an ASID member and how the chapter will ease the way to emerging professionals to start their journey in the design industry. I will work on some marketing strategies and get the chapter a more presence on social media. Basically, I'll do my best to make involving in ASID as smooth as possible and be approachable to whomever needs to know more about ASID.

☐ The chapter requires a recent photo of no more than one-year old for the ballot.

(To be checked by the chapter, if required.)

RETURN COMPLETED FORM TO THE CHAPTER NOMINATING COMMITTEE.

I affirm that I meet the minimum eligibility requirements, or have received a special dispensation, to serve on an ASID chapter board in the position for which I am being considered.

If elected to the chapter board of directors I will, at all times, act solely in the best interests of the Society, the chapter and its members, and will exercise my duties in compliance with the Society's Bylaws, Policies, Code of Ethics and Professional Conduct, Legislative Policy, and the operational policies of the chapter. I understand that among other obligations I will have as a board member are the obligations of fiduciary duties of care, loyalty and obedience, all of which have been explained and/or made available to me. Among those duties are the obligations to (i) disclose any potential personal conflict of interest I may have in regard to any proposed chapter action or activity, and (ii) maintain the confidentiality of board discussions held within meetings and not disclose decisions made by board, until such time as the chapter's president has determined to disclose such decisions.
