

ASID *You Are Cordially Invited to the*

**First Annual**

# **Chocolate, Wine and Roses**

**Happy Hour & Mixer**

**Thursday, February 14th, 2019**

**5pm to 7pm**

**What if your florist only sold red roses?**

**Or, your wine store only sold Mondavi? Odd, right?**

**We have the largest selection of hard window treatments than any other window coverings dealer in the Valley.** And, we even have some exclusives. We have a full time “**Designer Concierge**” to help you in any way she can with your client’s Window Fashion needs. You are always welcome to pull up a desk and use our “**Designer’s Den**” if you need a little office space and coffee for a couple of hours.

We would love for you to stop by and see our Beautiful new Scottsdale Showroom. **You’ve never seen a Window Fashions showroom like this one!** Even if you just have a few minutes, drop by and say hi. Have some wine and chocolate while you’re here. Bring your Valentine if you would like. Please RSVP to the number below. We hope to meet a lot of new friends!

**We will debut this evening something we are very excited about.** What color is your rose? How often are you spending hours trying to find that one color in a fabric. You almost give up and then, on the bottom of that pile of fabric swatches there they are, two fabrics. You call the fabric companies. One is discontinued. The other is \$200 a yard and you’re already pushing your client’s budget. And, you’re behind schedule. We have a solution!

**We have something to show you that will surely  
Knock your socks off! Don’t miss it!**

**15855 N Greenway-Hayden Loop #175**

(On the corner of Greenway Hayden Loop and 79th Street.)

**Please RSVP by February 7**

**(We would hate to run out of wine!)**
