CEU SEMINAR

IDCEC Approved CEU Specifying Motorized Window Treatments

**October 15, 2019
12:00 pm - 1:00 pm**

You will learn the various ways to power and control motorized shades and how to plan for them on your project. By attending, you will walk away with an understanding of the home automation industry as a whole and the benefits to specifying motorized window treatments on your residential project.

A light lunch will be provided.
